Morning! 👋 Did you get a chance to review the wireframes I uploaded yesterday?

10:14 AM Mia
Hey! Yep, just finished going through them. Love the layout for the booking flow — super clean. Thinking we could push the color palette a bit more, though.

Vedran Dimitrijevic 10:15 AM
Nice 😎 Which part feels too neutral?

10:17 AM Mia
Mainly the sidebar and top nav. Maybe we bring in one of our accent colors — like #F5DF4D or #ec613d — for active states?

Vedran Dimitrijevic 10:18 AM
Agree. #ec613d for active items could add a nice contrast. Also, what do you think about adding subtle shadows to the cards?

10:20 AM Mia
Yes please! That'll make them pop on light backgrounds. I'll also tweak the spacing on the header — feels a bit tight on smaller screens.

Vedran Dimitrijevic 10:18 AM
Perfect. I'll update the prototype in Figma and ping you for a quick review.
